

Beginner's Guide to Using an iPhone (iOS)

1. Make and Receive Phone Calls

- **App:**  *Phone*
 - Tap the green phone icon.
 - Use  "Contacts" or the keypad to dial.
 - Swipe to answer or decline incoming calls.
-

2. Send and Receive Text Messages

- **App:**  *Messages*
 - Tap the green speech bubble icon.
 - Tap the pencil icon to start a new message.
 - Type your message and tap the blue arrow to send.
 - iMessages (blue bubbles) go to other Apple users; SMS (green bubbles) go to non-Apple phones.
-

3. Use Maps for Directions

- **App:**  *Apple Maps* (or download Google Maps if preferred)
 - Tap the map icon.
 - Enter a destination in the search bar.
 - Tap "Go" for turn-by-turn directions.

4. Stay Organized with Calendar & Reminders

- **Apps:**  *Calendar* &  *Reminders*
 - Tap the calendar icon to add events.
 - Use the Reminders app to create to-do lists or alerts.
 - Siri can also help: “Hey Siri, remind me to take my medicine at 8 AM.”

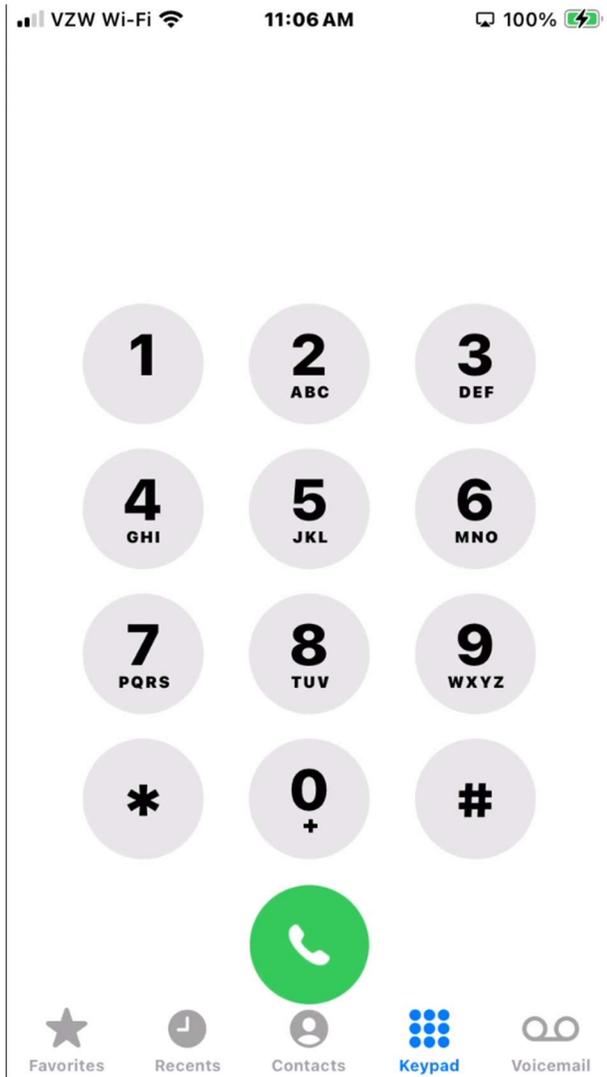

5. Take and View Photos

- **Apps:**  *Camera* &  *Photos*
 - Tap the camera icon and press the white circle to take a photo.
 - Open the Photos app to view, edit, or share.
 - Use albums to organize pictures (e.g., Favorites, Recents).

Bonus: Learn Basic Settings

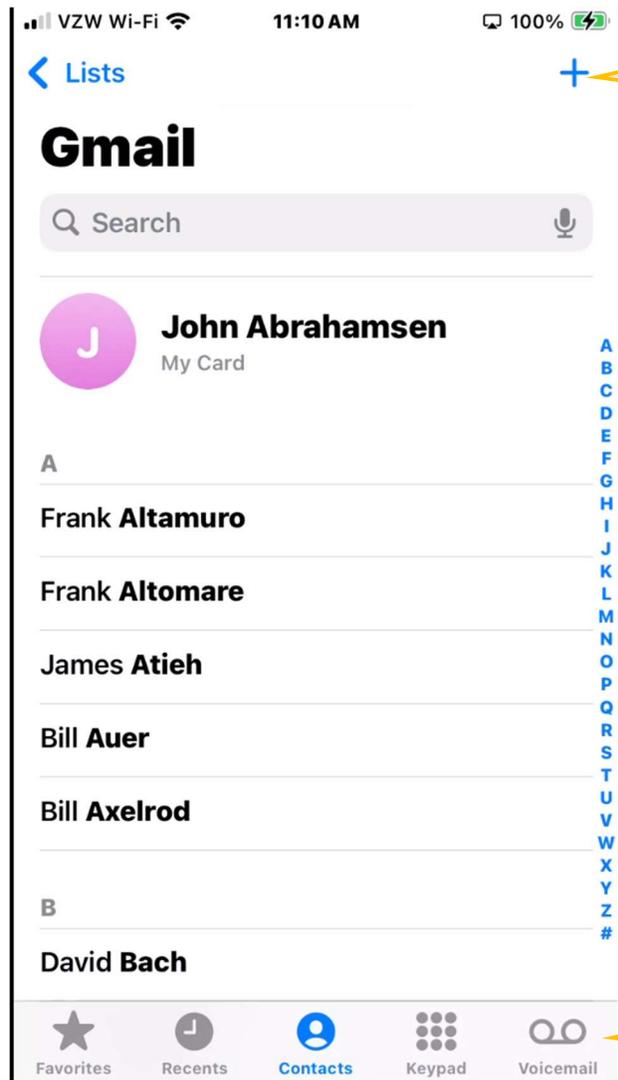

- **App:**  *Settings*
 - Tap the gray gear icon.
 - Adjust Wi-Fi, Bluetooth, brightness, and notifications.
 - Use “Control Center” (swipe down from top-right) for quick access.
