The main content area features a dark background with a central image of a smartphone displaying the Copilot interface. On the left, a 'NEW' badge is above the heading 'Copilot in Edge Mobile'. Below the heading, text describes Copilot as an AI-powered browser feature for mobile devices, listing capabilities like Page Summary, Video Summary, Image Creator, and GPT-5. A QR code is provided for users to scan and get Edge on their phone. A blue 'Next' button is located below the QR code. The central smartphone image shows a page titled 'Today's Routine' with a Copilot overlay that has summarized the main points. A callout box on the right of the phone says 'Summarize: Quickly summarize webpages and articles to find key insights without endless scrolling.' with a 'Next' button and '3 of 4' indicator. At the bottom of the page, there is a navigation bar with a search bar and a 'Mobile app' link with a 'NEW' badge. The footer contains 'Your Privacy Choices', 'Privacy', and '© Microsoft 2025'.
